Bulkhead Flaps

--	--	--	--

For Single Temp Trailer Loads, mark all bulkhead flaps that are closed between FRZ and CHL zones.

Loader/Driver Notes

[illegible]

Sanitary Transport Requirements (Loader circle Yes or No):

- Have you set the trailer temperature to the correct setpoint and confirmed trailer is properly cooling? (*Single-temp trailer*: FRZ Load = -10° F from 4/1 to 11/30 & -2° F from 12/1 to 3/31, *CHL ONLY Load*= 33° F; *Multi-temp trailer*: FRZ Zone= -10°, *CHL Zone*= 33° F) **Yes/No**
- Is the trailer in good condition? (Check for holes, debris on floor, bad odors, and damage to ceiling, bulkhead, walls, seals, etc.) **Yes/No**
- After loading, confirm pallets are stable and that non-palletized items such as eggs or miscellaneous equipment are properly secured? **Yes/No**
- Are bulkheads set with air flow established through vents between CHL & FRZ? **Yes/No**

Bulkhead Flaps

The diagram consists of four identical, empty rectangular boxes arranged horizontally in a single row. These boxes represent the bulkhead flaps on a trailer that need to be marked for single temperature loads.

Loader/Driver Notes

Sanitary Transport Requirements (Loader circle Yes or No):

- Have you set the trailer temperature to the correct setpoint and confirmed trailer is properly cooling? (*Single-temp trailer*: FRZ Load = -10° F from 4/1 to 11/30 & -2° F from 12/1 to 3/31, *CHL ONLY Load*= 33° F; *Multi-temp trailer*: FRZ Zone= -10°, *CHL Zone*= 33° F) **Yes/No**
- Is the trailer in good condition? (Check for holes, debris on floor, bad odors, and damage to ceiling, bulkhead, walls, seals, etc.) **Yes/No**
- After loading, confirm pallets are stable and that non-palletized items such as eggs or miscellaneous equipment are properly secured? **Yes/No**
- Are bulkheads set with air flow established through vents between CHL & FRZ? **Yes/No**

Bulkhead Flaps

The diagram consists of four identical, empty rectangular boxes arranged horizontally in a single row. These boxes represent the bulkhead flaps on a trailer.

Loader/Driver Notes

Sanitary Transport Requirements (Loader circle Yes or No):

- Have you set the trailer temperature to the correct setpoint and confirmed trailer is properly cooling? (*Single-temp trailer:* FRZ Load = -10° F from 4/1 to 11/30 & -2° F from 12/1 to 3/31, *CHL ONLY Load= 33° F; Multi-temp trailer:* FRZ Zone= -10° , CHL Zone= 33° F) **Yes/No**
- Is the trailer in good condition? (Check for holes, debris on floor, bad odors, and damage to ceiling, bulkhead, walls, seals, etc.) **Yes/No**
- After loading, confirm pallets are stable and that non-palletted items such as eggs or miscellaneous equipment are properly secured? **Yes/No**
- Are bulkheads set with air flow established through vents between CHL & FRZ? **Yes/No**

Date: 09/25/26 **Run:** 26 **Door:** _____ **Trailer:** _____
Loader: _____ **WOL:** _____ **Loaded Temp:** _____ **Fuel Level:** _____
